ABBREVIATIONS
INDICATING CLASSIFICATIONS

•

Type of Flower: C—Cactus; StC—Straight Cactus; SC—Semi-Cactus; ID—Informal Decorative; FD—Formal Decorative.

PLANTING INSTRUCTIONS

If possible, plant in open, sunny position. Prepare the soil thoroughly by deep digging. Be moderate in the use of both manure and water. Never plant when the soil is wet. Lay the tuber flat on its side and cover it four inches deep, pressing the soil firmly on the tuber. Keep the soil loose and mellow by frequent hoeing. Cultivation is the secret of growing good Dahlias.
